Theme Publications launch three special interest guidebooks

- **MOVIE USA** over 1400 movie related places and events including the most popular film locations and film festivals by state with extended sections covering Hollywood and New York's famous studios, tours, historical sights, stars homes, haunts and other popular movie places.
- **JAZZ & BLUES USA** more than 1000 state by state live venues and festivals. There are chapters devoted to the premier cities New Orleans, New York and Chicago with top club reviews, major festivals plus tours, radio stations, specialist music stores, Museums and archives.
- **SPACE USA** 400 space-related places including space centers, museums, observatories and planetariums with additional information for major attractions.

There is plenty of information for enthusiasts, travel, media or industry professionals and event planners with on and offline contact detail for most entries. These 200 page perfect bound guides will be available from the publisher by mail worldwide through a US online retailer at www.buffguides.com fall 2005.
